NIIOS CORNEA EVENING IN PARIS, FRANCE
Friday | September 13th, 2019 | 6 PM - 10:45 PM
Dear friends and colleagues,

For the 6th consecutive year, we will be organizing our NIIOS Cornea Evening on Friday September 13th 2019 in Paris. We would be most honored if you would join us (again) this year.

At the NIIOS Cornea Evening, renowned corneal experts from all over the world will share their innovations and pearls with us and discuss highlights in lamellar endothelial keratoplasty techniques, Bowman layer transplantation and eye banking.

We invite you to learn about different techniques and treatment options which will be presented and ask any questions you may have during the discussion section. There will also be plenty of opportunity for networking: meet your peers and catch up with old friends while enjoying drinks and a light dinner in a pleasant atmosphere at the prestigious Institut Pasteur in Paris.

The opening of the evening will feature musical compositions by John Gottsch and Gerrit Melles.

In previous years we were fully booked, so please register ASAP via www.NIIOS-USA.com/Cornea-Evening or fill out the back of this invitation.

We are looking forward to seeing you on September 13th in Paris!

With warm regards on behalf of the entire NIIOS team,

Lamis Baydoun & Gerrit Melles

---

**PROGRAM NIIOS CORNEA EVENING SEPTEMBER 13TH, 2019**

**Highlights in innovative corneal surgery**

6:00 p.m. Doors open and social buffet

**Music program**

7:00 p.m. Introduction

7:05 p.m. John Gottsch

7:25 p.m. Gerrit Melles

**Scientific Program: Highlights in innovative corneal surgery**

*Moderators: Kathryn Colby & Lamis Baydoun*

**SESSION I: This and that**

8:00 PM Current status of Descemet stripping only for Fuchs Dystrophy

8:05 PM Cell therapy for bullous keratopathy

8:10 PM Update on Quarter DMEK for Fuchs Dystrophy

8:15 PM Bioengineered corneal graft boot camp: Testing constructs for surgical fitness

8:20 PM Cataract surgery in Fuchs patients

8:25 PM The DMEK ‘Wave’ maneuver

8:30 PM Topical treatment of iron/blood staining of the cornea

8:35 PM Discussion

**SESSION II: My outcomes and your outcomes**

8:55 PM Non-stripping DMEK for failed secondary grafts

9:00 PM Treating failed grafts: a real world perspective

9:05 PM Mini-DMEK for acute keratoconus

9:10 PM Descemet membrane transplantation for keratoconus

9:15 PM Femtosecond laser assisted cross linked lenticule insertion for keratoconus

9:20 PM Femtosecond laser assisted Bowman layer transplantation for keratoconus

9:25 PM An update on Bowman layer transplantation

9:30 PM Discussion

9:45 - 10:45 PM Drinks and reception

**Posters**

Anterior chamber rebubbling with C3F8 gas for persistent DMEK detachments

Other posters

Eitan Livny, Tel Aviv, Israel

Diana Dragnea, Alina Miron, Daniele Spinozzi, NIIOS
